

MEINL CYMBALS
PRODUCT NEWS 2017

NEWS 2017

NEW SERIES

Effortless touch and clean sound. This is MEINL Pure Alloy.

A timeless voice formed with fully lathed surfaces allows them to be expressive in virtually any style. Their refined nature has two sides: polished definition met by a velvety wash that encompasses a full tonal spectrum. Shimmering, smooth sounds bounce right along with your stick to create a reactive touch that extends through all dynamic levels. These cymbals cut with agility. Blanketing their superb stick definition is a sustain that plays out with just the right amount of strength and balanced wash.

SUPER STACK

MEINL CYMBALS – Artist Concept Model

► Luke Holland

ITEM#	AC-BULLET
Price	339,00 € / 9.460,00 Kc
Availability	On Stock
EAN/UPC Code	840553018240

Bullet Stack - Luke Holland

Size	12" / 16"
Type	Stack
Production	Pressure Point Technology / Hand Hammered
Material	B10 Bronze / B20 Bronze
Finish	Brilliant / Sandblasted

„Quick as a bullet, hurts like one too. Abrasive but musical. Perfect for when you need to cut and make your point, but make it quick. The Bullet Stack can be used to accentuate in grooves or fills, or utilized as a time keeper. What I love about the Bullet Stack is that no matter how quickly you need it to be present and then disappear, it always delivers.“

-Luke Holland

► Anika Nilles

ITEM#	AC-DEEP
Price	669,00 € / 18.670,00 Kc
Availability	On Stock
EAN/UPC Code	840553018219

Deep Hats – Anika Nilles

Size	18" / 18"
Type	Hihat
Material	B20
Finish	Sandblasted / Traditional
Production	Hand Hammered

"What I really like about my Deep Hats is that they have so many musical applications. They fill the sonic gap between my main hihats, and my crashes. I play them half open as a time keeper, very similar to crash-riding, however the Deep Hats sound softer and more articulated. That is something I prefer. They have the right amount of wash and trashiness, combined with a soft, dark tone. Absolutely perfect for my style of playing.“

-Anika Nilles

MEINL CYMBALS – Artist Concept Model

► Matt Garstka

ITEM#	AC-FAT
Price	569,00 € / 15.880,00 Kc
Availability	On Stock
EAN/UPC Code	840553018226

Fat-Stack – Matt Garstka

Size	18" / 16"
Type	Stack
Material	B20
Finish	Raw /Traditional
Production	Hand Hammered

"This stack cuts through the mix with a crunchy bite. With no ring the sustain is dry and pleasing to the ear. Its trashy quality is maintained through a wide variety of tensions, with my personal favorite being a light tension that gives its Fat Stack namesake. It functions in my setup mainly as a time keeper, but it also works extremely well with choppy accents. Coupled with a snare it has a great organic hip hop clap sound."

-Matt Garstka

► Thomas Lang

ITEM#	AC-SUPER
Price	329,00 € / 9.180,00 Kc
Availability	On Stock
EAN/UPC Code	840553018240

Super Stack – Thomas Lang

Size	18" / 18"
Type	Stack
Material	B10
Finish	Brilliant
Production	Pressure Point Technology

"When struck at the shoulder of the top china, my Super Stack produces an aggressive mid-range bark that projects with incredible ferocity. Its fierceness cuts through any wall of sound and allows you to sizzle through even the most crowded soundscape. When played softly at the edge, it produces a wide and washy sizzle, perfect for accents and punctuations at a more moderate volume. When played with the stick tip at the shoulder, its short and piercing sound is reminiscent of a trashy hi-hat. The Super Stack is super loud, super fast, and super short. It allows the drummer to override and supersede even the most dense frequency chaos and make a clear and concise percussive statement in every musical situation. By adjusting the pressure of the wing nut, you can adjust the length of the sustain and dial up your perfect stack attack and decay. This is the most versatile stack combination you'll find."

- Thomas Lang

ADD-ONS

Facts:

- Chris Adler Signature Ride
- Material B20
- Finish Brilliant
- Production Hand Hammered
- Character Aggressive, Penetrating

Brilliant cymbals are polished up to six times to high gloss finish. Only in this manner can the unique appearance of Meinl's brilliant cymbals be guaranteed. These cymbals captivate with their reflective surfaces and bright, rich sound.

Massive bell, extreme heavy weight and highly polished finish make this cymbal a distinctive ride with outstanding sound qualities for louder musical settings.

MEINL CYMBALS – Classics Custom Trash Stacks

12" Trash Stack

ITEM#	CC-12STK
Price	155,00 € / 4.320,00 Kc
Availability	On Stock
EAN/UPC Code	840553018202

16" Trash Stack

ITEM#	CC-16STK
Price	265,00 € / 7.390,00 Kc
Availability	On Stock
EAN/UPC Code	840553017717

Facts:

- Material B10
- Finish Brilliant
- Production Pressure Point Technology
- Character Bright, Abrasive

Extra fast and trashy accents with little sustain and no obtrusive overtones. Special cut-outs dry out the sound for a well-rounded musical effect.

Made with B10 bronze, Classics Custom models pack a loud and bright punch that gets you heard clearly in every style of music. Designed to cut above the roar of guitars, these cymbals do most of the work for you, so you don't have to play as hard to be heard. With great stick response on the rides and hats, you can dig in and groove, while the crashes deliver powerful accents.

MEINL CYMBALS – Classics Custom Ghost Ride

21" Classics Custom Ghost Ride / Brann Dailor Signature Ride

ITEM#	CC21GR
Price	285,00€ / 7.950,00 Kc
Availability	On Stock
EAN/UPC Code	840553017991

Facts:

- Material B10
- Finish Dark
- Production Computerized Hammering
- Character Explosive, Cutting

Very special ride cymbal with a unique look and sound. Glassy ping, a warm shimmering body and a nice sparkling decay. The raw black bell delivers a cutting clear sound.

MEINL CYMBALS – Classics Custom Dark

15" Classics Custom Dark HiHat

ITEM#	CC15DAH
Price	249,00 € / 6.950,00 Kc
Availability	On Stock
EAN/UPC Code	840553017915

22" Classics Custom Dark Ride

ITEM#	CC22DAR
Price	279,00 € / 7.780,00 Kc
Availability	On Stock
EAN/UPC Code	840553017922

Facts:

- Material B10
- Finish Dark
- Production Pressure Point Technology
- Character Musical, Rich

Classics Custom Dark cymbals undergo a special finishing process that leaves the cymbals with dark and complex tones along with the clarity, cut and volume that Classics Custom is known to deliver. This same unique twist on the traditional design gives the cymbals a rich, dark appearance. Widely spaced deep hammering and additional lathing round out their tonal qualities, giving them a warmer mix of sound along with an explosive response.

MEINL CYMBALS – HCS Trash Stacks

12“ Trash Stack

ITEM#	HCS12TRS
Price	49,00 € / 1.370,00 Kc
Availability	On Stock
EAN/UPC Code	840553018264

18“ Trash Stack

ITEM#	HCS18TRS
Price	119,00 € / 3.320,00 Kc
Availability	On Stock
EAN/UPC Code	840553018264

Facts:

- Material MS63
- Finish Traditional
- Production Pressure Point Technology
- Character Experimental, Modern, Cutting, Dry

Equipped with holes that boost trashiness and bite, these two new unique trash stacks deliver a fast and aggressive stack sound with a short sustain. Very direct and cutting.

Accessories

MEINL CYMBALS – Drum Gear

► Cymbal Tuners

ITEM#	MCT
Price	19,90 € / 560,00 Kc
Availability	On Stock
EAN/UPC Code	840553018257

The Meinl magnetic Cymbal Tuners offer an easy way to tweak the sound of your cymbals. Simply place the magnets on the cymbal (mated up top and bottom). By positioning the Cymbal Tuners in different spots on the surface, you can control the sustain, dampen the tone, adjust the volume, and optimize the sound of your cymbal to just the way you like it.

► Dynamic Drum Pad

ITEM#	MDPP
Price	79,00 € / 2.200,00 Kc
Availability	End of January
EAN/UPC Code	840553018325

Advanced Bass Drum Pedal Practice Pad for Single or Double Kick that responds at any dynamic level. Whereas most bass drum practice pads are designed with only speed in mind - the Dynamic Pedal Pad goes deeper. It helps you develop control, independence and feel in addition to speed along with the dynamic response needed so you can clearly hear every note at any volume from very soft to very loud.

► Knee Pad Mount

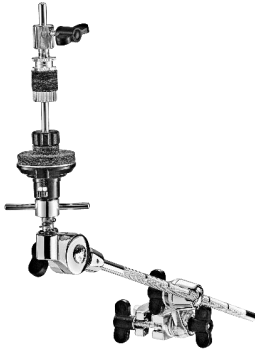

ITEM#	MKPM
Price	19,90 € / 560,00 Kc
Availability	On Stock
EAN/UPC Code	840553018028

The new Meinl Knee Pad Mount is a genius tool for every drummer to practice everywhere. It allows you to strap most any threaded (8mm) practice pad to your knee.

MEINL CYMBALS – Drum Gear

► X-Hat Auxiliary Hihat Arm

ITEM#	MXH
Price	55,00 € / 1.530,00 Kc
Availability	On Stock
EAN/UPC Code	840553018011

The MEINL X-Hat Auxiliary Hihat Arm keeps a pair of hihat or stack cymbals in a stationary position anywhere on a drum set up. The clamp and boom arm make it easy to attach and position at any height or angle. The tension adjustment makes it possible to finely adjust the degree of opening of the top and bottom cymbal.

► Tuning Fork

ITEM#	TF-440
Price	29,90 € / 830,00 Kc
Availability	On Stock
EAN/UPC Code	840553018196

Features:

- Handcrafted masterpiece
- Made in Germany
- Premium stainless steel
- Ergonomic shaped cork handle
- Engraved logo and tuning info

The MEINL Tuning Fork is made in Germany and tuned precisely to the Standard Pitch of 440Hz. The tuning fork features an ergonomic shaped grip for comfort.

MEINL CYMBALS – Drum Gear
